(1) The pay of the accountat of the Chair man's Office is Rs.40-60 (Vide Government Order No.3022-23/L.F. dated 17th February 1904) and not Rs.40-5-65 as entered in the statement. The excess of Rs.5/- over the maximum which the present holder of the appointment is in receipt of is treated as a personal allowance to him. Vide Government Order No.1367-8/Ml. dated 11th August 1906 and 4050-1/Ml. dated 14th November 1910.

(2) The Treasury clerk on Rs.15/- belongs to the Executive Engineer's Office establishment and not to the Chairman's Office Vide Government Orders Nos. 12581-3/Ml. and 6862-8/Ml. dated 1st June 1908 and 17th January 1908 respectively.

(3) One accountant on Rs.50-70 and a Trader on Rs.20/- who belong to the Chairman' Office (Vide Government Order 2393-4 dated 12th September 1907) have been omitted in the statement.

(4) The revision proposed affects the other sections of the establishment under the head "CONSTRUCTION" as well, and full particulars should therefore be given for them also (Vide Article 57 Civil Account Code).

(5) The totals given in a lumpsum for the Sections under "CONSTRUCTION" are not in accordance with the Government Orders on the subject, and it is also not known what establishment is included in them.

(6) There have been several orders issued from time to time in connection with this establishment, many of them dealing only with a few of the appointments included in them, and some transferring one or two appointments from one section to another and some making the pay of the appointment more or less personal to the then holders of these appointments. One order sanctioned certain reduction but before it was given effect to, it was modified by another. It would be convenient to take this opportunity of reviewing the establishment of the Trust Board as a whole, and issue a consolidated order

11. File resubmitted for orders. The proposed revision of establishment involves an additional expenditure of Rs 107- a month. The most important item in the proposals is the restoration of the post of the Manager for the Chairman's office. Such post was abolished in June 1908 as a measure of retrenchment and a recommendation made subsequently for its revival on a pay of Rs 75-5-90 was disallowed by Govt. If the present proposals are however acceptable on administrative grounds, Rs II may be invited about the 7th instant.

Subst Hers 5.7.12 Ld Up The proposals in the above case are necessary & it must at first sight be agreed that they may be sanctioned as follows. But the following points are worthy of note

(1) In the old rules above it has been laid down that the question of the Resident's Assistant which was the after one considered abolished & another appointment was subsequently disallowed by Govt has again been proposed. The reasons which induced Govt to reject the proposal in August 1910 hold good even now and there seems to be no reason to sanction the establishment now -

The reason given it need be scarcely said is both financially unsound and shews out instance Govt to change a progressive establishment into a fixed affair on the Mangalore pay. This would moreover result in the average pay being increased by 2½ Rs. It need be noted
	It is not exactly understood why the foregoing for alterations have been submitted. The Chairman has referred to the G.O in response to which he has made the present reference but this G.O is not to be found on the file

The transfer of the 3 out-door subordinates (a Sub-overseer, a Surveyor and a Mistry) from the Ex. Engineer's establishment to the Chairman's office seems desirable inasmuch as they are stated to be solely employed in connection with the acquisition of properties and the debit of their salaries to works would not then be correct. Now that a Comprehensive programme of works costing Rs 23 lakhs has been sanctioned ~~[illegible]~~ properties to be worked out during the next 7-8 years and the acquisition of additional properties will be necessary, these 3 hands seem necessary to assist the Acquisition Officer. But the proposed changes are only nominal, because the hands now proposed to be drafted to the Chairman's office are many of them - actually working there. This is the case with the Sub Overseer, Surveyor Munshi & also the Treasury Clerk on 25/-. Thus it is only proposed to regularise the scale of salt in conformity with the actual distribution of work, so far as these men are concerned. The only other hands to be redrafted to the Chairman's office are (1) Compensation Clerk & (2) Munshi. 29. Draft order submitted

The proposals which involve additional expenditure are (1) increase to the present Accountant of the Chairman's office and (2) fixing the pay of the Head Clerk of that office at Rs 50 instead of fixing the appointment as progressive in the grade 40-2-50 as heretofore. The draft submitted embodies both these proposals.

Grounds of proposition

There was a manager for this office on Rs 75-100- under Government order no: 2022-28 pl 355-08 of 17th February 1909. There is no whole time Chairman for the Board. The Registration Officer is also the Vice President of the Municipality. To attend to the details of distribution of work and to its supervision & for enforcing discipline, a manager is necessary. The scale of pay of the ministerial staff of the Executive Engineer's office of the Board is Rs 55 to 70. While that of the Accountant of this office, who has been doing the duties of the manager has remained as it was when there was a separate manager viz Rs 40 to 65/-. Hence an increase of Rs 10/- which is not at all too much is proposed to be given to J. Ramamaniaya the present Accountant of the Chairman's office with the change of designation into manager, the said official being in receipt of Rs 65/- per month from August 08. This official was recommended by the Board in their meeting dated 5th May 1910 for a pay of Rs 75-5-90 (vide this office no 989 of 18th May 1910, and the said recommendation was repeated in this office no 101 of 18th May 1910.

When occasions arise, as is often the case, for the Cashier, who is next in rank, to act for the official, the emoluments will, as per present scale, be met in spite of additional responsibilities. This can be remedied by converting the pay of the Head Clerk into a fixed one viz Rs 60/- as per representation made in this office letter no: 24 dated 27th September 1910. Govt. Res. No 3732-23/47 dated 17th February 1924

Office of the Chairman

There was a manager for the office on Rs 75/- to 160/- under Govt orders no 3022-23/LT 58-0-3 of 17 2 1914 There is no whole time Chairman to the Board. The Executive Officer is also the Vice President of the Municipality to attend to the details of distribution of work and to its supervision, and for enforcing discipline a manager is necessary

The scale of pay of the ministerial Head of the Executive Engineer's office of the Board is Rs 50 to 70/- While that of the Accountant of the Office who has been doing the duties of the manager has remained as it was when there was a separate manager viz Rs 40 to 60 + 5 The scale of pay of the ministerial Head of the Chairmans Office is therefore necessary to be raised to Rs 60 - 5/3 - 75 In the case of J Ramaswamiah, the present Accountant of the Chairmans Office who has been in receipt of Rs 65/- per month from August 1906, it is proposed that with the change of designation into manager, he be given the maximum pay of the proposed Selection appointment This proposal was recommended by the Board in their meeting dated the 15th May to for a pay of Rs 75-5-90 (vide this office no 989 dated the 16th May 1910, and the said recommendation was repeated in this office no 101 dated the 18th May 1911

When occasions arise as in the case for the Cashier who is next in rank to act for the Manager the emoluments will as per present scale be met in spite of additional responsibility - This can be

be remedied by converting the Head Clerk's pay into a fixed one viz at Rs 50/- as per representation made in this office letter Nos 24, 101 & 123 dated the 27-9-10, 19-8-11 & 8-7-11 respectively.

The permanent encumbrance of this post has been drawing Rs 50/- the maximum pay for the last five years. The increase of Rs 2-8-0 under "average pay" is only a nominal one.

The Revenue work under all heads has been expanding. An Official with the designation to solely look after this work is necessary.

Now that the Vice President of the Municipality is made the acquisition official of the Board, a Clerk with this designation to work under him exclusively for compensation work is desirable. Hence one of the two Clerks on Rs 25/- of the two abolished Sub Divisions, lent to the Executive Engineer's office in connection with the "Demolition" work is required to this office, the work connected with the said demolition of properties which had fallen on the Executive Engineer's office having since devolved on this office only.

To assist the Head Clerk in the current branch and to be in charge of the Board records

The bulk of Kannarese correspondence is considerable in the Chairmans office. On an average 8000 Canarese petitions had to be

attended to in a year. A monthly is therefore absolutely necessary. The services of the Conservancy Mandry will be utilized for the purpose as already reported in this office No 101 dated the 18th May 1911.

As the work in the Treasury in connection with the Trust Board transactions is not now so heavy as before, it is proposed to utilize the services of this clerk in the Chairman's office, the Establishment of which is considerably curtailed and requires strengthening.

As these subordinates are actually working in connection with the Reposition of properties, their demolition, sale of trust land and collection of Trust dues, they are transferred from the Executive Engineers out-door Establishment, so that the percentage of the Establishment Charges to the respective works may be easily obtained.

Docket No.8848/Ml.219-113 dated the 8th May 1912 from the Secretary to Government, Gen. & Rev. Departments, regarding the Proposition Statement showing the revision of the Establishment of the Chairman's Office, submitted to Government with the Chairman's letter No.226 dated the 3rd April 1912 and the Comptroller's Note No.367 dated the 23rd April 1912 received therewith.

The scale of the present pay of the Accountant -- appears to have been entered as "40-5-65" under a ----- misconception that Government Order No 4050-1/Ml 56-10-4 dated the 14th November 1910 defined only that the pay of the Accountant and the Head Clerk of the Chairman's Office, was of progressive character. In accordance with the views held, however, by the Comptroller, the same is altered into "40-4-60 5".

2 Regarding the Comptroller's observations that the Accountant on Rs 50-70 and the Tracer belonged to the -- Chairman's Office and that the Treasury Clerk on Rs 15 belonged to the Executive Engineer's Office Establishment it is pointed out that Government Order No 2393-4/Ml 491-06-4 dated the 12th September 1907 quoted by him was --- subsequently superseded by Government Order No 12581-3/Ml 77-07-18 dated the 1st June 1908 under which the --- former two appointments were transferred from the ----- Chairman's Office Establishment to that of the Executive Engineer's Office and that in the case of the Treasury Clerk, the mistake initiated in Government Order No 6862-8/Ml 77-07-6 dated the 17th January 1908 This was --- subsequently set right by including the last mentioned --

45

mentioned appointment under the Chairman's Office ---- Establishment -- Vide Budget Estimates sanctioned by -- Government for the successive years.

3. Details regarding the Establishments of the Chairman's Office and the Executive Engineer's Office are now supplied in the revised Proposition Statement. As suggested by the Executive Engineer, Trust Board, the --- transfer of certain Executive Subordinates solely employed on acquisition, demolition and other works unconnected with the Construction Works, from the Establishment of the Executive Engineer, is since found to be expedient. The revised Proposition Statement provides for this --- change also.

4. As rightly observed by the Comptroller in the concluding para of his Note, it seems absolutely necessary that the Trust Board Establishment as a whole should once for all be ~~revised~~ reviewed and refixed to avoid all -- misconceptions The same particularly that of the ---- Chairman's Office, requires to be brought up to an --- efficient standard in the light of the recommendations made in the ~~Chairman~~ Chairman's letters Nos 24 dated the 27th September 1910, 989 dated the 16th May 1910, 101 dated the 18th May 1911 and 123 dated the 8th July 1911
